

1995 ESPRIT S4s

The S4 represented a significant milestone for the Esprit model. Exterior changes included new front and rear bumpers and valances, new sidepods, a mid-mounted rear wing, and 17" wheels. Inside, a larger passenger cabin, the addition of a passenger airbag, and power assisted steering helped to elevate the Esprit to new levels of refinement. Joining the S4 for 1995 was the S4s, the ultimate 4 cylinder Esprit. The S4s was visually distinguished by an aggressive rear wing providing additional downforce for this potent Esprit. A larger turbocharger provided up to 300 bhp and was complimented by a firmer suspension with uprated springs and dampers. With a top speed of 165 mph and a 0-60 mph time of 4.6 seconds, the question was would there ever be a faster Esprit?

Specifications:

Engine	2.2 Liter 16 valve four cylinder chargecooled
Performance	
Top Speed	168 mph
0-60 mph	4.6 seconds
0-100 mph	11.4 seconds
Power	300 bhp @ 7000 rpm
Torque	290 ft. lbs @ 3600 rpm
Cooling	Dual front-mounted oil coolers
Transmission	5-speed manual transaxle
Ratios:	1 st - 3.364 2 nd - 2.059 3 rd - 1.381 4 th - 1.037 5 th - 0.756 Rev - 3.546 Final - 3.889

Brake System	Front/rear ventilated discs, ABS
Wheels	OZ Racing light alloy
Dimensions:	
Length	172 inches
Height	45.3 inches
Width	74.1 inches
Unladen Weight	3218 lbs
