## JOIN the Lotus Enthusiast's Group

**It had been** more than five years since any group of Lotus owners had met, on a regular basis, in the North NJ/ NYC area. That changed in 1998.

We started forming a small but enthusiastic group of Lotus owners. We got together a couple times for various outings. Our numbers are growing as time passes!

**Would you care to join us** in this enterprise? We are calling everyone that owns or is interested in Lotus cars of all types and ages to join us four or five times a year for informal get-togethers. We can compare our cars, talk tech, commiserate on the idiosyncrasies of the marque, and have fun. There will be no formal club...just friends with a common interest – **LOTUS**.

**Interaction will be as high-tech** as the company that sells the cars: we will communicate primarily through e-mail and the WWW. If you think you'd care to join us, or would like more information, provide the following data in an email message:

NAME, ADDRESS, ZIP, PHONE, LOTUS CAR(S) OWNED, LOTUS LTD. MEMBER? (Y) or (N)

**Note:** Membership in L.E.O. is free but you must be a Lotus Ltd. Member [www.lotusclub.org](http://www.lotusclub.org)
